## Annex II

### **Standards and process for Granting Therapeutic Use Exemptions (TUES)**

#### **Extract from “International Standard for Therapeutic Use Exemptions” of the World Anti-doping Agency (WADA); in force 1 January 2015**

##### **4.0 Obtaining a TUE**

- 4.1 An Athlete may be granted a *TUE* if (and only if) he/she can show that each of the following conditions is met:
- The *Prohibited Substance* or *Prohibited Method* in question is needed to treat an acute or chronic medical condition, such that the Athlete would experience a significant impairment to health if the *Prohibited Substance* or *Prohibited Method* were to be withheld.
  - The *Therapeutic Use* of the *Prohibited Substance* or *Prohibited Method* is highly unlikely to produce any additional enhancement of performance beyond what might be anticipated by a return to the Athlete's normal state of health following the treatment of the acute or chronic medical condition.
  - There is no reasonable *Therapeutic* alternative to the *Use* of the *Prohibited Substance* or *Prohibited Method*.
  - The necessity for the *Use* of the *Prohibited Substance* or *Prohibited Method* is not a consequence, wholly or in part, of the prior *Use* (without a *TUE*) of a substance or method which was prohibited at the time of such *Use*.
- [Comment to 4.1: The WADA documents titled “Medical Information to Support the Decisions of TUECs”, posted on WADA’s website, should be used to assist in the application of these criteria in relation to particular medical conditions.]
- 4.2 Unless one of the exceptions set out in Article 4.3 applies, an Athlete who needs to *Use* a *Prohibited Substance* or *Prohibited Method* for *Therapeutic* reasons must obtain a *TUE* prior to *Using* or *Possessing* the substance or method in question.
- 4.3 An Athlete may only be granted retroactive approval for his/her *Therapeutic Use* of a *Prohibited Substance* or *Prohibited Method* (i.e., a retroactive *TUE*) if:
- Emergency treatment or treatment of an acute medical condition was necessary; or
  - Due to other exceptional circumstances, there was insufficient time or opportunity for the Athlete to submit, or for the *TUEC* to consider, an application for the *TUE* prior to *Sample* collection; or
  - The applicable rules required the Athlete (see comment to Article 5.1) or permitted the Athlete (see Code Article 4.4.5) to apply for a retroactive *TUE*; or
- [Comment to 4.3(c): Such Athletes are strongly advised to have a medical file prepared and ready to demonstrate their satisfaction of the *TUE* conditions set out at Article 4.1, in case an application for a retroactive *TUE* is necessary following *Sample* collection.]
- d) It is agreed, by WADA and by the Anti-Doping Organization to whom the application for a retroactive *TUE* is or would be made, that fairness requires the grant of a retroactive *TUE*.
- [Comment to 4.3(d): If WADA and/or the Anti-Doping Organization do not agree to the application of Article 4.3(d), that may not be challenged either as a defense to proceedings for an anti-doping rule violation, or by way of appeal, or otherwise.]

##### **5.0 TUE Responsibilities of Anti-Doping Organizations**

- 5.1 Code Article 4.4 specifies (a) which Anti-Doping Organizations have authority to make *TUE* decisions; (b) how those *TUE* decisions should be recognized and respected by other Anti-Doping Organizations; and (c) when *TUE* decisions may be reviewed and/or appealed.
- [Comment to 5.1: See Annex 1 for a flow-chart summarizing the key provisions of Code Article 4.4. Code Article 4.4.2 specifies the authority of a National Anti-Doping Organization to make *TUE* decisions in respect of Athletes who are not International-Level Athletes. In case of dispute as to which National Anti-Doping Organization should deal with the *TUE* application of an Athlete who is not an International-Level Athlete, WADA will decide. WADA’s decision will be final and not subject to appeal. Where national policy requirements and imperatives lead a National Anti-Doping Organization to prioritize certain sports over others in its test distribution planning (as contemplated by Article 4.4.1 of the International Standard for Testing and Investigations), the National Anti-Doping Organization may decline to consider advance applications for *TUEs* from Athletes in some or all of the non-priority sports, but in that case it must permit any such Athlete from whom a *Sample* is subsequently collected to apply for a retroactive *TUE*. The National Anti-Doping Organization should publicize any such policy on its website for the benefit of affected Athletes.]
- 5.2 Each National Anti-Doping Organization, International Federation and Major Event Organization must establish a *TUEC* to consider whether applications for grant or recognition of *TUEs* meet the conditions set out in Article 4.1.
- [Comment to 5.2: While a Major Event Organization may choose to recognize pre-existing *TUEs* automatically, there must be a mechanism for Athletes participating in the Event to obtain a new *TUE* if the need arises. It is up to each Major Event Organization whether it sets up its own *TUEC* for this purpose,

*or rather whether it outsources the task by agreement to a third party (such as Sport Accord). The aim in each case should be to ensure that Athletes competing in such Events have the ability to obtain TUEs quickly and efficiently before they compete.]*

- a) TUECs should include at least three physicians with experience in the care and treatment of *Athletes* and a sound knowledge of clinical, sports and exercise medicine. In cases involving *Athletes* with impairments, at least one TUEC member should possess general experience in the care and treatment of *Athletes* with impairments, or possess specific experience in relation to the *Athlete's* particular impairment(s).
  - b) In order to ensure a level of independence of decisions, at least a majority of the members of a TUEC should have no political responsibility in the *Anti-Doping Organization* that appoints them. All members of the TUEC must sign a conflict of interest and confidentiality declaration. (A template declaration is available on *WADA's* website).
- 5.3 Each *National Anti-Doping Organization*, International Federation and *Major Event Organization* must establish a clear process for applying to its TUEC for a *TUE* that complies with the requirements of this *International Standard*. It must also publish details of that process by (at a minimum) posting the information in a conspicuous place on its website and sending the information to *WADA*. *WADA* may re-publish the same information on its own website.
- 5.4 Each *National Anti-Doping Organization*, International Federation and *Major Event Organization* must promptly report (in English or French) all decisions of its TUEC granting or denying *TUEs*, and all decisions to recognize or refusing to recognize other *Anti-Doping Organizations'* *TUE* decisions, through *ADAMS* or any other system approved by *WADA*. In respect of *TUEs* granted, the information reported shall include (in English or French):
- a) not only the approved substance or method, but also the dosage(s), frequency and route of *Administration* permitted, the duration of the *TUE*, and any conditions imposed in connection with the *TUE*; and
  - b) the *TUE* application form and the relevant clinical information (translated into English or French) establishing that the Article 4.1 conditions have been satisfied in respect of such *TUE* (for access only by *WADA*, the *Athlete's National Anti-Doping Organization* and International Federation, and the *Major Event Organization* organizing an *Event* in which the *Athlete* wishes to compete).
- [Comment to 5.4: The process of recognition of TUEs is greatly facilitated by use of ADAMS.]*
- 5.5 When a *National Anti-Doping Organization* grants a *TUE* to an *Athlete*, it must warn him/her in writing (a) that that *TUE* is valid at national level only, and (b) that if the *Athlete* becomes an *International-Level Athlete* or competes in an *International Event*, that *TUE* will not be valid for those purposes unless it is recognized by the relevant International Federation or *Major Event Organization* in accordance with Article 7.1. Thereafter, the *National Anti-Doping Organization* should help the *Athlete* to determine when he/she needs to submit the *TUE* to an International Federation or *Major Event Organization* for recognition, and should guide and support the *Athlete* through the recognition process.
- 5.6 Each International Federation and *Major Event Organization* must publish a notice (at a minimum, by posting it in a conspicuous place on its website and sending it to *WADA*) that sets out clearly (1) which *Athletes* coming under its jurisdiction are required to apply to it for a *TUE*, and when; (2) which *TUE* decisions of other *Anti-Doping Organizations* it will automatically recognize in lieu of such application, in accordance with Article 7.1(a); and (3) which *TUE* decisions of other *Anti-Doping Organizations* will have to be submitted to it for recognition, in accordance with Article 7.1(b). *WADA* may re-publish the notice on its own website.
- 5.7 Any *TUE* that an *Athlete* has obtained from a *National Anti-Doping Organization* shall not be valid if the *Athlete* becomes an *International-Level Athlete* or competes in an *International Event* unless and until the relevant International Federation recognizes that *TUE* in accordance with Article 7.0. Any *TUE* that an *Athlete* has obtained from an International Federation shall not be valid if the *Athlete* competes in an *International Event* organized by a *Major Event Organization*, unless and until the relevant *Major Event Organization* recognizes that *TUE* in accordance with Article 7.0. As a result, if the International Federation or *Major Event Organization* (as applicable) declines to recognize that *TUE*, then (subject to the *Athlete's* rights of review and appeal) that *TUE* may not be relied upon to excuse the presence, *Use, Possession or Administration* of the *Prohibited Substance* or *Prohibited Method* mentioned in the *TUE* vis-à-vis that International Federation or *Major Event Organization*.

## 6.0 *TUE Application Process*

- 6.1 An *Athlete* who needs a *TUE* should apply as soon as possible. For substances prohibited *In-Competition* only, the *Athlete* should apply for a *TUE* at least 30 days before his/her next *Competition*, unless it is an emergency or exceptional situation. The *Athlete* should apply to his/her *National Anti-Doping Organization*, International Federation and/or a *Major Event Organization* (as applicable), using the *TUE* application form provided. *Anti-Doping Organizations* shall make the application form they want *Athletes* to use available for download from their websites. That form must be based on the template set out in Annex 2. The template may be modified by *Anti-Doping Organizations* to include additional requests for information, but no sections or items may be removed.
- 6.2 The *Athlete* should submit the *TUE* application form to the relevant *Anti-Doping Organization* via *ADAMS* or as otherwise specified by the *Anti-Doping Organization*. The form must be accompanied by:

- a) a statement by an appropriately qualified physician, attesting to the need for the *Athlete* to *Use the Prohibited Substance or Prohibited Method* in question for *Therapeutic* reasons; and
  - b) a comprehensive medical history, including documentation from the original diagnosing physician(s) (where possible) and the results of all examinations, laboratory investigations and imaging studies relevant to the application.
- [Comment to 6.2(b): The information submitted in relation to the diagnosis, treatment and duration of validity should be guided by the WADA documents titled "Medical Information to Support the Decisions of TUECs".]*
- 6.3 The *Athlete* should keep a complete copy of the *TUE* application form and of all materials and information submitted in support of that application.
  - 6.4 A *TUE* application will only be considered by the *TUEC* following the receipt of a properly completed application form, accompanied by all relevant documents. Incomplete applications will be returned to the *Athlete* for completion and re-submission.
  - 6.5 The *TUEC* may request from the *Athlete* or his/her physician any additional information, examinations or imaging studies, or other information that it deems necessary in order to consider the *Athlete's* application; and/or it may seek the assistance of such other medical or scientific experts as it deems appropriate.
  - 6.6 Any costs incurred by the *Athlete* in making the *TUE* application and in supplementing it as required by the *TUEC* are the responsibility of the *Athlete*.
  - 6.7 The *TUEC* shall decide whether or not to grant the application as soon as possible, and usually (i.e., unless exceptional circumstances apply) within no more than 21 days of receipt of a complete application. Where a *TUE* application is made a reasonable time prior to an *Event*, the *TUEC* must use its best endeavors to issue its decision before the start of the *Event*.
  - 6.8 The *TUEC's* decision must be communicated in writing to the *Athlete* and must be made available to *WADA* and to other *Anti-Doping Organizations* via *ADAMS* or any other system approved by *WADA*, in accordance with Article 5.4.
    - a) A decision to grant a *TUE* must specify the dosage(s), frequency, route and duration of *Administration* of the *Prohibited Substance or Prohibited Method* in question that the *TUEC* is permitting, reflecting the clinical circumstances, as well as any conditions imposed in connection with the *TUE*.
    - b) A decision to deny a *TUE* application must include an explanation of the reason(s) for the denial.
  - 6.9 Each *TUE* will have a specified duration, as decided by the *TUEC*, at the end of which the *TUE* will expire automatically. If the *Athlete* needs to continue to *Use the Prohibited Substance or Prohibited Method* after the expiry date, he/she must submit an application for a new *TUE* well in advance of that expiry date, so that there is sufficient time for a decision to be made on the application before the expiry date.
- [Comment to 6.9: The duration of validity should be guided by the WADA documents titled "Medical Information to Support the Decisions of TUECs".]*
- 6.10 A *TUE* will be withdrawn prior to expiry if the *Athlete* does not promptly comply with any requirements or conditions imposed by the *Anti-Doping Organization* granting the *TUE*. Alternatively a *TUE* may be reversed upon review by *WADA* or on appeal.
  - 6.11 Where an *Adverse Analytical Finding* is issued shortly after a *TUE* for the *Prohibited Substance* in question has expired or has been withdrawn or reversed, the *Anti-Doping Organization* conducting the initial review of the *Adverse Analytical Finding* (Code Article 7.2) shall consider whether the finding is consistent with *Use of the Prohibited Substance* prior to the expiry, withdrawal or reversal of the *TUE*. If so, such *Use* (and any resulting presence of the *Prohibited Substance* in the *Athlete's Sample*) is not an anti-doping rule violation.
  - 6.12 In the event that, after his/her *TUE* is granted, the *Athlete* requires a materially different dosage, frequency, route or duration of *Administration* of the *Prohibited Substance or Prohibited Method* to that specified in the *TUE*, he/she must apply for a new *TUE*. If the presence, *Use*, *Possession* or *Administration* of the *Prohibited Substance or Prohibited Method* is not consistent with the terms of the *TUE* granted, the fact that the *Athlete* has the *TUE* will not prevent the finding of an anti-doping rule violation.

## 7.0 *TUE Recognition Process*

- 7.1 Code Article 4.4 requires *Anti-Doping Organizations* to recognize *TUEs* granted by other *Anti-Doping Organizations* that satisfy the Article 4.1 conditions. Therefore, if an *Athlete* who becomes subject to the *TUE* requirements of an International Federation or *Major Event Organization* already has a *TUE*, he/she should not submit an application for a new *TUE* to the International Federation or *Major Event Organization*. Instead:
  - a) The International Federation or *Major Event Organization* may publish notice that it will automatically recognize *TUE* decisions made pursuant to Code Article 4.4 (or certain categories of such decisions, e.g., those made by specified *Anti-Doping Organizations*, or those relating to particular *Prohibited Substances*), provided that such *TUE* decisions have been reported in accordance with Article 5.4 and therefore are available for review by *WADA*. If the *Athlete's TUE* falls into a category of *TUEs* that are automatically recognized in this way at the time the *TUE* is granted, he/she does not need to take any further action.

*[Comment to 7.1(a): To ease the burden on Athletes, automatic recognition of TUE decisions once they have been reported in accordance with Article 5.4 is strongly encouraged. If an International Federation or Major Event Organizer is not willing to grant automatic recognition of all such decisions, it should grant automatic recognition of as many such decisions as possible, e.g., by publishing a list of Anti-Doping Organizations whose TUE decisions it will recognize automatically, and/or a list of those Prohibited Substances for which it will automatically recognize TUEs. Publication should be in the same manner as is set out in Article 5.3, i.e., the notice should be posted on the International Federation's website and sent to WADA and to National Anti-Doping Organizations.]*

- b) In the absence of such automatic recognition, the Athlete shall submit a request for recognition of the TUE to the International Federation or Major Event Organization in question, either via ADAMS or as otherwise specified by that International Federation or Major Event Organization. The request should be accompanied by a copy of the TUE and the original TUE application form and supporting materials referenced at Articles 6.1 and 6.2 (unless the Anti-Doping Organization that granted the TUE has already made the TUE and supporting materials available via ADAMS or other system approved by WADA, in accordance with Article 5.4).
- 7.2 Incomplete requests for recognition of a TUE will be returned to the Athlete for completion and re-submission. In addition, the TUEC may request from the Athlete or his/her physician any additional information, examinations or imaging studies, or other information that it deems necessary in order to consider the Athlete's request for recognition of the TUE; and/or it may seek the assistance of such other medical or scientific experts as it deems appropriate.
- 7.3 Any costs incurred by the Athlete in making the request for recognition of the TUE and in supplementing it as required by the TUEC are the responsibility of the Athlete.
- 7.4 The TUEC shall decide whether or not to recognize the TUE as soon as possible, and usually (i.e., unless exceptional circumstances apply) within no more than 21 days of receipt of a complete request for recognition. Where the request is made a reasonable time prior to an Event, the TUEC must use its best endeavors to issue its decision before the start of the Event.
- 7.5 The TUEC's decision will be notified in writing to the Athlete and will be made available to WADA and to other Anti-Doping Organizations via ADAMS or any other system approved by WADA. A decision not to recognize a TUE must include an explanation of the reason(s) for the non-recognition.

## 8.0 Review of TUE Decisions by WADA

- 8.1 Code Article 4.4.6 provides that WADA, in certain cases, must review TUE decisions of International Federations, and that it may review any other TUE decisions, in each case to determine compliance with the Article 4.1 conditions. WADA shall establish a WADA TUEC that meets the requirements of Article 5.2 to carry out such reviews.
- 8.2 Each request for review must be submitted to WADA in writing, and must be accompanied by payment of the application fee established by WADA, as well as copies of all of the information specified in Article 6.2 (or, in the case of review of a TUE denial, all of the information that the Athlete submitted in connection with the original TUE application). The request must be copied to the party whose decision would be the subject of the review, and to the Athlete (if he/she is not requesting the review).
- 8.3 Where the request is for review of a TUE decision that WADA is not obliged to review, WADA shall advise the Athlete as soon as practicable following receipt of the request whether or not it will refer the TUE decision to the WADA TUEC for review. If WADA decides not to refer the TUE decision, it will return the application fee to the Athlete. Any decision by WADA not to refer the TUE decision to the WADA TUEC is final and may not be appealed. However, the TUE decision may still be appealable, as set out in Code Article 4.4.7.
- 8.4 Where the request is for review of a TUE decision of an International Federation that WADA is obliged to review, WADA may nevertheless refer the decision back to the International Federation (a) for clarification (for example, if the reasons are not clearly set out in the decision); and/or (b) for re-consideration by the International Federation (for example, if the TUE was only denied because medical tests or other information required to demonstrate satisfaction of the Article 4.1 conditions were missing).
- 8.5 Where a request for review is referred to the WADA TUEC, the WADA TUEC may seek additional information from the Anti-Doping Organization and/or the Athlete, including further studies as described in Article 6.5, and/or it may obtain the assistance of other medical or scientific experts as it deems appropriate.
- 8.6 The WADA TUEC shall reverse any grant of a TUE that does not comply with the Article 4.1 conditions. Where the TUE reversed was a prospective TUE (rather than a retroactive TUE), such reversal shall take effect upon the date specified by WADA (which shall not be earlier than the date of WADA's notification to the Athlete). The reversal shall not apply retroactively and the Athlete's results prior to such notification shall not be Disqualified. Where the TUE reversed was a retroactive TUE, however, the reversal shall also be retroactive.
- 8.7 The WADA TUEC shall reverse any denial of a TUE where the TUE application met the Article 4.1 conditions, i.e., it shall grant the TUE.
- 8.8 Where the WADA TUEC reviews a decision of an International Federation that has been referred to it pursuant to Code Article 4.4.3 (i.e., a mandatory review), it may require whichever Anti-Doping Organization "loses" the review (i.e., the Anti-Doping Organization whose view it does not uphold) (a) to reimburse

## Verklaringen, voorbehouden en bezwaren

Argentinië, 29 december 2006

The Argentine Republic rejects the claim to extend to the Falkland Islands the application of the International Convention against Doping in Sport, adopted in Paris on 19 October 2005 by the General Conference of UNESCO, notified to the Director-General of UNESCO by the United Kingdom of Great Britain and Northern Ireland on 25 April 2006, and reaffirms its rights of sovereignty over the Falkland Islands, South Georgia and South Sandwich Islands, which form an integral part of its national territory and, being illegally occupied by the United Kingdom of Great Britain and Northern Ireland, are the subject of a sovereignty dispute between the two countries, which has been recognized by several international organizations.

In this regard, the General Assembly of the United Nations adopted resolutions 2065 (XX), 3160 (XXVIII), 31/49, 37/9, 38/12, 39/6, 40/21, 41/40, 42/19 and 43/25, in which it recognized the existence of a dispute over sovereignty in relation to the question of the Falkland Islands and urged the Argentine Republic and the United Kingdom of Great Britain and Northern Ireland to initiate negotiations with a view to finding a peaceful and lasting solution to the sovereignty dispute as soon as possible. For its part, the Special Committee on

Decolonisation of the United Nations has repeatedly made similar appeals, most recently in the resolution adopted on 15 June 2006. Similarly, the General Assembly of the Organization of American States adopted a new resolution on the subject on 6 June 2006.

Denemarken, 15 december 2005

Unless so decided at a later date the Convention shall not apply to the Faroe Islands and Greenland.

Nieuw-Zeeland, 23 december 2005

[...] And declares that, consistent with the constitutional status of Tokelau and taking into account the commitment of the Government of New Zealand to the development of self-government for Tokelau through an act of self-determination under the Charter of the United Nations, this acceptance shall not extend to Tokelau unless and until a Declaration to this effect is lodged by the Government of New Zealand with the Depositary on the basis of appropriate consultation with that territory.

Verenigde Staten van Amerika, 25 augustus 2008

It is the understanding of the United States of America that nothing in this Convention obligates the United States to provide funding to the World Anti-Doping Agency.

Pursuant to Article 2 (4), which defines "Athlete" for purposes of doping control as "any person who participates in sport at the international or national level as defined by each national anti-doping organization and accepted by States Parties and any additional person who participates in a sport or event at a lower level accepted by States Parties", the United States of America declares that "Athlete" for purposes of doping control means any athlete determined by the U.S. Anti-Doping Agency to be subject to or to have accepted the World Anti-Doping Code.
