

## Nederlandse Roadmap Grootchalige Onderzoeksfaciliteiten 2012

<b>Ranking</b>	<b>Titel</b>	<b>Geadviseerd budget(k€)</b>
1	Mouse Clinic for Cancer and Aging research (MCCA)	<b>18.600</b>
2	Proteins@Work; A large-scale proteomics research facility for the life sciences	<b>13.500</b>
3	An ultra-high field NMR facility for the Netherlands (uNMR - NL)	<b>18.500</b>
4	The SAFARI Imaging Spectrometer on the SPICA space observatory; revealing the origins of the universe, from planets to galaxies and beyond.	<b>18.000*</b>
5	High Field Magnet Laboratory An international research facility for Science in High Magnetic Fields in the Netherlands	<b>11.000</b>
6	CLARIAH - Common Lab Research Infrastructure for the Arts and Humanities	1.000
7	Towards a consolidated Dutch Biobanking Hub, integrating the Dutch Biobanking Infrastructure in the European ESFRI Roadmap	1.000
8	The Generations and Gender Programme: A Large-Scale, Longitudinal, Comparative Database for Social Science Analysis	0.500

*\* divided in two parts namely: a first installment of 7,2M€ for the years 2012-2013, and a second installment of 10,8M€ for the years 2014-2018, this second installment being conditional upon the final approval of the mission by Japan by the end of 2013.*

<b>Overige voorstellen op de Roadmap</b> <i>niet geprioriteerd, gegroepeerd per domein</i>	
SHARE – Survey of Health, Ageing and Retirement in Europe	
European Social Survey in the Netherlands (ESS-NL)	
Netherlands Silicon Solar Cell Laboratory; Exploring the Frontiers of Silicon Photovoltaics	
Netherlands Solid Earth Observatory (NSEO)	
ICOS-NL
