

## Besluit van de Minister van Sociale Zaken en Werkgelegenheid van 5 april 2022, 2022-0000088403, tot aanwijzen van CML B.V. als conformiteitsbeoordelingsinstantie inzake accreditatienorm ISO/IEC 17065:2012

De Minister van Sociale Zaken en Werkgelegenheid,

Gelezen de aanvraag van CML B.V. te Amsterdam van 6 maart 2022;

Overwegende, dat de aanvraag van CML B.V. vergezeld gaat van een geldige accreditatie met certificaatnummer C640 horend bij accreditatienorm ISO/IEC 17065:2012, afgegeven door de Raad voor Accreditatie en betreffende de onderzoeken en procedures waarvoor CML B.V. vraagt aangewezenen en aangemeld te worden;

Gelet op artikel 7a, eerste lid, van de Warenwet en artikel 11 van het Warenwetbesluit explosieveilig materieel 2016.

Besluit:

### Artikel 1

In deze beschikking wordt verstaan onder:

- wet*: de Warenwet;
- besluit*: het Warenwetbesluit explosieveilig materieel 2016;
- beschikking*: het besluit waarmee CML B.V. wordt aangewezen als EU-conformiteitsbeoordelingsinstantie;
- EU-conformiteitsbeoordelingsinstantie, richtlijn*: hetgeen het Warenwetbesluit explosieveilig materieel 2016 daaronder verstaat;
- CML B.V.*: CML B.V., Koopvaardijweg 32, 4906CV te Oosterhout, KvK-nummer:67386717 en vestigingsnummer 000035932007.

### Artikel 2

CML B.V. wordt aangewezen als EU-conformiteitsbeoordelingsinstantie die op het werkveld explosieveilig materieel bevoegd is tot het uitvoeren van de volgende taken:

Directive 2014/34/EU Equipment and protective systems intend for use in potentially explosive atmospheres		
Group I – Electrical equipment Equipment category M1	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex VII
	Conformity based on unit verification (module G)	Annex IX
Group I – Electrical equipment Equipment category M2	EU-type examination (module B)	Annex III
	Conformity to type based on internal production control plus supervised product testing (module C1)	Annex VI
	Conformity to type based on product quality assurance (module E)	Annex VII
	Conformity based on unit verification (module G)	Annex IX

<b>Directive 2014/34/EU</b> <b>Equipment and protective systems intend for use in potentially explosive atmospheres</b>		
Group I – Electrical equipment Protective systems	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group I – Electrical equipment Components	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product quality assurance (module E)	Annex VII
	Conformity to type based on product verification (module F)	Annex V
	Conformity to type based on internal production control plus supervised product testing (module C1)	Annex VI
	Conformity based on unit verification (module G)	Annex IX
Group I – Electrical equipment Safety devices, controlling devices and regulating devices	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product quality assurance (module E)	Annex VII
	Conformity to type based on product verification (module F)	Annex V
	Conformity to type based on internal production control plus supervised product testing (module C1)	Annex VI
	Conformity based on unit verification (module G)	Annex IX
Group I – Non-Electrical equipment Equipment category M1	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group I – Non-Electrical equipment Equipment category M2	Conformity based on unit verification (module G)	Annex IX
	Communication of technical documentation for internal production control	Article 13, sub 1b-ii and Annex VIII

<b>Directive 2014/34/EU Equipment and protective systems intend for use in potentially explosive atmospheres</b>		
Group I – Non-Electrical equipment Protective systems	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group I – Non-Electrical equipment Components	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group I – Non-Electrical equipment Safety devices, controlling devices and regulating devices	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to gases, vapours or mists - Electrical equipment Equipment category 1	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to gases, vapours or mists - Electrical equipment Equipment category 2	EU-type examination (module B)	Annex III
	Conformity to type based on internal production control plus supervised product testing (module C1)	Annex VI
	Conformity to type based on product quality assurance (module E)	Annex VII
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to gases, vapours or mists - Electrical equipment Equipment category 3	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to gases, vapours or mists - Electrical equipment Protective systems	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX

<b>Directive 2014/34/EU Equipment and protective systems intend for use in potentially explosive atmospheres</b>		
Group II – explosive atmosphere due to gases, vapours or mists - Electrical equipment Components	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product quality assurance (module E)	Annex VII
	Conformity to type based on product verification (module F)	Annex V
	Conformity to type based on internal production control plus supervised product testing (module C1)	Annex VI
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to gases, vapours or mists - Electrical equipment Safety devices, controlling devices and regulating devices	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product quality assurance (module E)	Annex VII
	Conformity to type based on product verification (module F)	Annex V
	Conformity to type based on internal production control plus supervised product testing (module C1)	Annex VI
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture – Electrical equipment Equipment category 1	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture - Electrical equipment Equipment category 2	EU-type examination (module B)	Annex III
	Conformity to type based on product quality assurance (module E)	Annex VII
	Conformity to type based on internal production control plus supervised product testing (module C1)	Annex VI
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture - Electrical equipment Equipment category 3	Conformity based on unit verification (module G)	Annex IX

<b>Directive 2014/34/EU</b> <b>Equipment and protective systems intend for use in potentially explosive atmospheres</b>		
Group II – explosive atmosphere due to air/dust mixture - Electrical equipment Protective systems	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture – Electrical equipment Components	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product quality assurance (module E)	Annex VII
	Conformity to type based on product verification (module F)	Annex V
	Conformity to type based on internal production control plus supervised product testing (module C1)	Annex VI
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture - Electrical equipment Safety devices, controlling devices and regulating devices	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product quality assurance (module E)	Annex VII
	Conformity to type based on product verification (module F)	Annex V
	Conformity to type based on internal production control plus supervised product testing (module C1)	Annex VI
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to gases, vapours or mists - Non-electrical equipment Equipment category 1	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to gases, vapours or mists - Non-electrical equipment Equipment category 2	Conformity based on unit verification (module G)	Annex IX
	Communication of technical documentation for internal production control	Article 13, sub 1b-ii and Annex VIII
Group II – explosive atmosphere due to gases, vapours or mists - Non-electrical equipment Equipment category 3	Conformity based on unit verification (module G)	Annex IX

<b>Directive 2014/34/EU</b> <b>Equipment and protective systems intend for use in potentially explosive atmospheres</b>		
Group II – explosive atmosphere due to gases, vapours or mists - Non-electrical equipment Protective systems	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to gases, vapours or mists - Non-electrical equipment Components	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to gases, vapours or mists - Non-electrical equipment Safety devices, controlling devices and regulating devices	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture - Non-electrical equipment Equipment category 1	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture - Non-electrical equipment Equipment category 2	Communication of technical documentation for internal production control	Article 13, sub 1b-ii and Annex VIII
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture - Non-electrical equipment Equipment category 3	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture - Non-electrical equipment Protective systems	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX

<b>Directive 2014/34/EU</b> <b>Equipment and protective systems intend for use in potentially explosive atmospheres</b>		
Group II – explosive atmosphere due to air/dust mixture - Non-electrical equipment Components	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX
Group II – explosive atmosphere due to air/dust mixture - Non-electrical equipment Safety devices, controlling devices and regulating devices	EU-type examination (module B)	Annex III
	Conformity to type based on quality assurance of the production process (module D)	Annex IV
	Conformity to type based on product verification (module F)	Annex V
	Conformity based on unit verification (module G)	Annex IX

### Artikel 3

1. Indien de accreditatie voor het werkveld waarvoor de instantie is aangewezen, komt te vervallen, zal deze aanwijzing aldus worden geschorst, dat de instantie niet meer bevoegd is tot het uitvoeren van de desbetreffende werkzaamheden, maar wel verplicht is zorg te dragen voor de overdracht van de desbetreffende klantdossiers aan een door de klant te bepalen conformiteitsbeoordelingsinstantie waarmee hij een overeenkomst heeft afgesloten, dan wel, indien op het desbetreffende werkveld geen andere conformiteitsbeoordelingsinstantie werkzaam is, aan de Minister op een door hem te bepalen wijze.
2. Deze aanwijzing kan worden ingetrokken, indien de aangewezen conformiteitsbeoordelingsinstantie niet meer voldoet aan de aanwijzingscriteria die zijn vermeld in artikel 7a, eerste lid, van de wet en artikel 11 van het besluit of haar taken beëindigt. Het voornemen tot intrekking wordt tijdig kenbaar gemaakt.
3. Een aangewezen conformiteitsbeoordelingsinstantie die haar taken waarvoor zij is aangewezen beëindigt of waarvan de aanwijzing door tijdsverloop vervalt of waarvan de aanwijzing door Onze Minister wordt ingetrokken, draagt tijdig voorafgaand aan de beëindiging van de werkzaamheden respectievelijk de datum waarop de aanwijzing eindigt, haar dossiers over aan een andere certificerende instelling waarmee haar certificaathouders een overeenkomst zijn aangegaan. Indien er geen andere certificerende instelling is, draagt de certificerende instelling de dossiers tijdig over aan Onze Minister.

### Artikel 4

Met ingang van de dag na de datum van uitgifte van de Staatscourant waarin deze nieuwe beschikking wordt geplaatst komt de volgende beschikking te vervallen:

- Beschikking van 23 maart 2020, met kenmerk 2020-0000039866 (Stcrt. 2020, 18559).  
Reeds afgegeven certificaten onder deze beschikking blijven onverminderd geldig.

### Artikel 5

Deze beschikking treedt in werking met ingang van de eerste dag na de datum van uitgifte van de Staatscourant waarin zij wordt geplaatst. Deze beschikking vervalt definitief per 1 april 2027.

*Den Haag, 5 april 2022*

*De Minister van Sociale Zaken en Werkgelegenheid,  
namens deze,  
M.C. Kaptein  
Directeur Toezicht*

**BEZWAAR**

---

Bent u het niet eens met dit besluit dan kunt u binnen zes weken na bekendmaking van het besluit een bezwaarschrift indienen (conform de Awb). Vermeld in het bezwaarschrift:

- uw naam en adres;
- telefoonnummer;
- de datum en handtekening;
- een omschrijving van het besluit en een kopie van het besluit waartegen u bezwaar maakt;
- de argumenten voor het bezwaar (in de Nederlandse taal);
- eventueel andere informatie die relevant is voor uw bezwaar.

U kunt een bezwaarschrift per post, fax of e-mail indienen.

- Per post en fax stuurt u het bezwaarschrift naar: de Minister van Sociale Zaken en Werkgelegenheid, t.a.v. de Directie Wetgeving, Bestuurlijke en Juridische Aangelegenheden, Bureau Ondersteuning, Team 1, Postbus 90801, 2509 LV 's-Gravenhage (fax +31(0)70 3335116).
- Per e-mail stuurt u het bezwaarschrift in pdf-formaat naar: [waja-bezwaren-bo-t1@minszw.nl](mailto:waja-bezwaren-bo-t1@minszw.nl). Omdat het bezwaarschrift met de hand ondertekenend moet zijn, kunt u het beste een scan of foto maken van het bezwaarschrift na ondertekening en deze als bijlage bij de e-mail voegen.
