B. TEKST

Nr. 1

INTERNATIONAL ATOMIC ENERGY AGENCY

14 July 1988

334-F4-06.52

Sir,

I have the honour to inform you that the Secretariat of the International Atomic Energy Agency is planning to hold a Consultants' Meeting on "Review of the REAL-88 Programme" from 24 to 26 October 1988.

The purpose of the meeting is to improve the assessment of accuracies in the prediction of radiation damage parameters by various laboratories. The emphasis is put on radiation damage parameters for reactor pressure vessels and related nuclear

technology. In case good quality results will be found for improved procedures and input data sets, these new input data sets and procedures will be made available by the IAEA as benchmark data for activation neutron spectrometry.

Five to six experts from these Member States are expected to attend the meeting. Annex I<sup>1)</sup> contains a list of Member States to be invited.

Dr. H. J. Nolthenius of the Netherlands Energy Research Foundation (ECN) in Petten, who is an active participant of this IAEA programme for a number of years, has indicated informally that he would be prepared to assist the Agency in organizing this meeting from 24 to 26 October 1988.

I have the honour to enquire whether the Government would wish to host the meeting in question, in which event the Government would be expected to make the following arrangements:

1. With regard to the meeting the Agreement on the Privileges and Immunities of the IAEA of 1st July 1959 shall apply.
2. The Government of the Netherlands shall grant free of charge visas and necessary facilities to the participants of the meeting.
3. The Government of the Netherlands shall exercise all reasonable care to ensure security on the premises in which the meeting takes place and to ensure the safety of the officials of the Agency and participants concerned while on such premises. The Government shall take whatever steps may be reasonably required in the circumstances to ensure such security and such safety, including such supervision of the premises as may be warranted.
4. The Government shall make available to the Agency, without charge, and for the entire duration of the meeting, premises and facilities adequate and appropriate for the meeting.

The Agency shall inform the Government promptly of all persons officially designated to attend the meeting. The Agency shall also inform such persons to apply for visas, if necessary, in good time before the opening date of the meeting, and the Government is expected to issue such visas promptly so as to allow participants to attend the meeting.

Should your Government wish to host the meeting in question, I would appreciate receiving in writing your Government's agreement

Nr. II

Vienna, 9 september 1988

No. 775

Sir,

I have the honour to acknowledge receipt of your letter of 14 July 1988, ref. 334-F4-06.52, which reads as follows:

(Zoals in Nr. I)

I have the honour to inform you that my Government is prepared to host the meeting in question.

My Government considers your letter and my reply as an agreement between the Kingdom of the Netherlands and the International Atomic Energy Agency, which shall enter into force on the date of this reply and shall remain in force for the duration of the meeting and for such additional period as is necessary for its

preparation and winding up, the total duration of this agreement however not to exceed one year.

Accept, Sir, the assurances of my highest consideration.
