B. TEKST

Nr. I

INTERNATIONAL ATOMIC ENERGY AGENCY

622-I3-TC-389.43

03.03.97

Sir,

I have the honour to inform you that the Secretariat of the International Atomic Energy Agency (the Agency) is planning to hold a Technical Committee of the International Working Group on Gas Cooled Reactors, including a review of "High Temperature Gas Cooled Reactor (HTGR) Applications and Future Prospects", from 10 to 14 November 1997.

The purpose of the meeting is to review the designs and status of national programmes on advanced HTGRs with discussions on research and development activities associated in the utilization of this advanced reactor for cogeneration and process heat applications. The International Working Group meeting will also develop and recommend a programme to the IAEA on gas cooled reactors for 1998 and 1999.

The Agency's Secretariat has had preliminary informal discussions with Ms. A. van Heek, project manager for high temperature reactors at the Netherlands Energy Research Foundation (ECN), Petten, The Netherlands, Tel. +31 22456 4507, Fax. +31 22456 3490, concerning this meeting. Ms. Van Heek indicated that the Netherlands might be willing to host this meeting in Petten.

Approximately 30 scientists from 14 countries and two international organizations are expected to attend.

I have the honour to enquire whether the Government of the Netherlands would wish to host the meeting in question, and if so, whether your Government would agree to make the following arrangements.

1. The Government of the Netherlands will accord to the Agency, its property, funds and assets and, to the officials of the Agency and participants officially designated to attend the meeting in their official capacities, and to members of the immediate families of such persons, the privileges and immunities contained in the Agreement on the Privileges and Immunities of the International Atomic Energy Agency which was accepted by the Government on 29 August 1963.

2. The Government will accord to officials and participants mentioned above every facility necessary for the performance of their function in connection with the meeting, including entering, remaining in and leaving the Netherlands. The Government will issue any necessary visas as expeditiously as possible and, where the legislation of the Netherlands permits, free of charge. The Government, however, reserves the right to deny, irrespective of nationality, visas to individual participants for national security reasons. Annex A contains the list of Member States to be invited to participate.

The Agency will inform the Government promptly of all persons officially designated to attend the meeting. The Agency will also advise such persons to apply for visas, if necessary, in good time before the opening date of the meeting, and the Host Government is expected to issue such visas promptly so as to allow participants to attend the meeting.

3. The Government will facilitate customs formalities for those persons on entering and leaving the Netherlands.

4. The Government will make available to the Agency, without charge, and for the entire duration of the meeting, premises and facilities adequate and appropriate for the meeting, as listed in Annex B.

5. The Government will exercise reasonable care to ensure security on the premises in which the meeting takes place and to ensure the safety of the officials of the Agency and participants while on the premises of the meeting. The Government will take whatever steps may be reasonable in the circumstances to ensure such security and safety, including such supervision of the premises as may be warranted.

Should your Government wish to host the meeting in question, I would be grateful if you would inform me in writing of your Government's agreement on the above enumerated points by 4 April 1997, so as to enable the Secretariat to proceed with timely arrangements.

Accept, Sir, the assurances of my highest consideration.
