1999-02-08

Sir,

I have the honour to inform you that the Secretariat of the International Atomic Energy Agency (the Agency) is planning to hold a Consultants' Meeting on "Preparation of an Atlas on Quality Control and Troubleshooting in Nuclear Medicine Images", from 19 to 23 April 1999.

The purpose of the meeting is to prepare an illustrative atlas showing various kinds of artefacts and ways to improve the quality of nuclear medicine images.

Five consultants from four Member States are expected to attend the meeting.

Mr. Y. Xie of the Division of Human Health, Project Officer of this programme and Scientific Secretary of this meeting, has informally discussed the venue of the meeting with Dr. E. Busemann-Sokole from the Department Nuclear Medicine, Academic Medical Centre, Meiberg-

dreef 9, 1015 AZ Amsterdam, The Netherlands (Fax: +31-20-697 6508) and understands that Dr. Buseman-Sokole is willing to host the meeting at this institute.

I have the honour to inquire whether the Government of the Netherlands would wish to host the meeting in question, and if so, whether your Government would agree to make the following arrangements:

1. The Government of the Netherlands will accord to the Agency its property, funds and assets and, to its officials and experts officially invited by the Director General of the Agency to attend the meeting in their official capacities, and to member of the immediate families of such persons, the privileges and immunities contained in the Agreement on the Privileges and Immunities of the International Atomic Energy Agency which was accepted by the Government of the Netherlands on 29 August 1963.

2. The Government will accord to officials and participants mentioned above every facility necessary for the performance of their functions in connection with the meeting, including entering, remaining in and leaving the Netherlands. The Government will issue any necessary visas as expeditiously as possible and, where the legislation of the Netherlands permits, free of charge. The Government, however, reserves the right to deny, irrespective of nationality, visas to individual participants for national security reasons. Annex A contains the list of Member States to be invited to participate.

The Agency will inform the Government promptly of all persons officially designated to attend the meeting. The Agency will also advise such persons to apply for visas, if necessary, in good time before the opening date of the meeting, and the Host Government is expected to issue such visas promptly so as to allow participants to attend the meeting.

3. The Government of the Netherlands will facilitate customs formalities for those persons referred to above on entering and leaving the Netherlands.

4. The Government of the Netherlands will make available to the Agency without charge, and for the entire duration of the meeting, premises and facilities adequate and appropriate for the meeting. These will include secretarial assistance, a conference clerk and projectionist, access to reproduction facilities, a meeting room (accommodation for about 10 persons), one slide projector and screen, one overhead projector, and a blackboard. No interpretation will be required.

5. The Government of the Netherlands will exercise reasonable care to ensure the security on the premises in which the meeting takes place and to ensure the safety of the officials of the Agency and participants while on the premises of the meeting. The government will take what-

ever steps may be reasonable in the circumstances to ensure such security and such safety, including such supervisions of the premises as may be warranted.

Should your Government wish to host the meeting in question, I would be grateful if you would inform me in writing of your Government's agreement on the above enumerated points by 26 February 1999 so as to enable the Secretariat to proceed with timely arrangements.

Accept, Sir, the assurances of my highest consideration.
